Subject Subsistence allowance of Rs 15 a month for one year (from Jany to Dec 1903) to M G Rangarya, who is now undergoing practical training in the public works workshop in Bezwada

Letter No 10134/359 from the Dfl of Edn in Mysore

Note

It is usual to grant this allowance please see cases for a precedent

The Dfl proposes that the cost may be met from savings under the head of scholarships

It is not known how there are savings under this head

Further a reappropriation statement necessary may the Dfl be requested to send one through the Comptroller?

Yes put up Rept

Draft submd for appl

Ref 21/02

on further consideration, I think
no reappropriation statement is
necessary if the cost can be
met from the lump sum grant
assigned to the major head "Scholarships"
(under the major head "Institutions")
The grant for the year 1902-03
is as 34,359 The budget does
not state how this sum was
arrived at & it may therefore
be presumed that, in making the
estimate, the allowance ~~to~~ grantable
to Engineering students was
taken into consideration
A reappropriation will be necessary
only if the subsistence allowance
was debitable to a different
minor head different from "Scholarships"
Redraft please

Inspector General of Education in Mysore

To

H V Nanjundayya Esq, M.A, M.L,
Secretary to the Government of Mysore,
General and Revenue Departments

SIR

I have the honour to inform you that M G Rangaya who held a State Engineering scholarship for three years from January 1900 completed the theoretical course and passed the Final Examination successfully in the second class as well as the B E Degree Examination of the Madras University. He is now undergoing practical training in the Public Works workshops in Bezwada and has applied for a subsistence allowance in accordance with Rule 2 of the Departmental notification regarding the Engineering and Medical scholarships of which I enclose a copy for reference. The application has been supported by the Executive Engineer Northern Division Krishna who recommends an allowance of Rs 15 from the Government of Mysore, the monthly cost

of maintenance for a Middle class Brahman with his family being Rs 40 and a stipend of Rs 25 a month being already sanctioned for him by the Government of Madras. Under these circumstances I recommend that a subsistence allowance of Rs 15 a month may be granted for a year from January to December 1903 to M G Rangayya. A similar subsistence allowance was given to other candidates under training for Mechanical or Civil Engineering on previous occasions. The charge may be met from savings under the head of scholarships

I have the honour to be,
Sir,
Your most obedient servant

H J Bhabha
Inspector General.
